

Audiologist

Diversified Hearing and Balance Centers is one of the largest audiology providers in Western New York. With 10 offices, we provide diagnostic hearing testing, dizziness and balance testing and hearing aid services for both pediatric and adult patients. We also provide consultant services to hospitals, nursing homes, adult day programs, pediatric programs and private ENT offices. We are a well-known, local company with an excellent reputation as an employer and as a service provider.

We are looking for an exceptional Audiologist to join our team. You will get to work with a variety of patients in a family friendly setting. We also have our own outpatient clinic with physical, occupational and speech therapy where you can get to learn about other disciplines.

If you have a great personality and possess a desire to help others, we are **interested** in you!

Please contact avalle@rehabwny.com. You can also download and fill out an application on this site.
